REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, in a method of extrusion of a strand of a composite profile of simultaneously extruded tubes arranged side by side and interconnected with a junction and coiling individual tubes after the strand has been separated by a cutting device, feeding the strand from an extrusion press at an exit speed (v_1) into a speed regulation means and adjusting the strand to a speed (v_2) wherein the strand is then separated and the individual tubes are wound separately on two coils of a single coiling device which is driven by a drive at a coiling speed ($v_3=v_2$).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
